

# Vegetable Planting Calendar

This is purely a guide, and the weather, your soil and even where you live can effect how and when plants grow best.

The [Vegetable Planner](#) will help with succession planning and crop rotation, and [Jobs for the Month](#) will inspire you with monthly job suggestions.

**Key:** Sow Indoors (blue), Sow outdoors (pink), Plant out (green), Harvest (yellow)

	Spacing between rows (cm)	Spacing between plants (cm)	January	February	March	April	May	June	July	August	September	October	November	December
